

***CLUB Vision Statement: IGNITE THE POTENTIAL IN YOUTH.  
Empower Youth to Overcome Challenges and Maximize Potential***

**PROJECTS FUNDED**

**Rotary year July 1, 2018 to June 30, 2019**

**BUDGET of \$10,000**

No.	PROJECT	Description	Country	Area of Focus	RCTW action
1.	<b>Uganda, Ongutoi Medical Centre</b>	As you know, our Club has been a constant and continuing donor to this medical centre. This year's project is to plant more orange and mango trees on 15 acres of land to help make the medical centre self-funding (great sustainability argument). The project includes developing a water collection and distribution system so that the trees would continue to develop and produce during the 2 dry seasons maximizing the potential revenue generated by the orchard. They are also expanding the water collection platform.	Uganda	Water and Sanitation  Fighting Disease  Growing local economy	Donated <b>\$1500</b> <b>Can</b>
2.	<b>Adopt a Village in Laos</b>	Provides basic infrastructure to the rural villages including permanent water supplies, water filtration, construction of toilets and schools and assistance to students. Proper application for funding received. In this application, in the Village of Ban Mok Kok, they were to construct tap towers to provide clean water to the village. <b>District 7070 matching grant</b>	Vietnam	Water and Sanitation	Donated <b>\$1000</b> <b>Can</b>
3.	<b>Adopt a Mother Program</b>	<b>AMAROK</b> is a wonderful organization offering hope. They are the international project for RC Belleville. Each sponsorship is \$500. Our Club sponsors <b>SATHI</b> . This program can change the course of 6 lives in the slums of Bangladesh through their Adopt a Mother program. <i>If you teach a mother, you teach a family. If you teach 5 mothers, you teach a neighbourhood.</i>	Banladesh	Saving mothers and Children  Supporting education	Donated <b>\$500</b>

4.	<b>Building Latrines in the Dominican Republic</b>	Project with the Rotary Club of Whitby-Sunrise - we have assisted with their water filter project in the past and in February of 2017, Patti visited the sites on behalf of the RCTW to help with an audit of the project. Ancilliary to the water filter project is the need for proper latrines. Our money helped to build 5 latrines in Haiti Mejier (batey)	Dominican Republic	Water and Sanitation  Fighting disease	Donated <b>\$500</b>
5.	<b>Shelterbox Canada</b>	We have all seen the marvelous work that this organization (an organization started by Rotary England) does around the world helping with Disaster relief. We donated to them and asked for them to help out in Malawi	Worldwide - request to help Malawi	Saving mothers and Children	Donated <b>\$1000</b>
6.	<b>Ethiopia project</b>	Rotary Etobicoke took the lead in partnership with CUSO (remember our Lifetime achievement award winner) to help fund mid-wife equipment in Ethiopia where the mortality rate for moms giving birth is far too high.	Ethiopia	Saving mothers and Children  Fighting disease	Donated <b>\$1000</b>
7.	<b>Mumbai toilet project</b>	Rotary Toronto took the lead working in partnership with the Rotary Club of Bombay Airport to provide toilets at girls schools in rural Mumbai. Keep the girls in school! <b>Global Grant application</b>	India	Saving mothers and Children	Donated <b>\$2000</b>
8.	<b>Uganda medical project</b>	The Rotary Club of Kampala Muyenga Breeze was the lead club on this project. The funds went to the Neurosurgical project. Neurosurgery in Uganda was practically non-existent until the late 1960s. The Kampala Rotary Club did a needs assessment and determined that there is an overwhelming need for more neurosurgery for childhood diseases affecting the child's brain, spine and nervous systems. The goal of the project is to expand and equip the Neurosurgical section at CURE childrens' hospital <b>Global Grant application</b>	Uganda	Saving mothers and Children  Fighting disease	Donated <b>\$1500</b>

**TOTAL: \$9,000**

(NOTE: Deferred \$1000 to 2019-2020 year)
